

Civil Engineer - London

Come and join us at Price & Myers

Price & Myers was established in 1978 in London as a firm of consulting structural and civil engineers, with the aim of working with good imaginative architects, to make excellent buildings. In our first 44 years we have completed over 30,000 jobs, and won over 500 awards; we also have studios in Nottingham, Oxford, and Manchester and currently employ about 160 people. We became a Limited Liability Partnership (LLP) in 2003.

We are looking for an enthusiastic, civil engineer to join our Civil Engineering team to work on a variety of projects, of all sizes and across all sectors, designing drainage systems and carrying out flood risk assessments. You must hold a good, ICE-accredited degree in Civil Engineering, have excellent communication skills and the desire to succeed and progress your career. This full-time position is based in our open-plan, central London studio where you will be encouraged to achieve Chartered status.

This is a full-time position based in our open-plan, London studio. Please email a CV and cover letter to Dimitris Linardatos at dlinardatos@pricemyers.com.

No recruitment agents please.

Studio Life

Our studios are open, friendly places to work. Our Partners sit with their teams and are involved in every project, giving help and support to their engineers. Graduates will find that responsibility for managing projects comes very quickly for those that show ability. All of our studios are located centrally in their vibrant cities and the numerous good restaurants, shops, bars, pubs and theatres within easy reach are ideal for those looking for an active social life. Wellbeing at work is vitally important and we promote healthy workplaces and offer mental health support.

Price & Myers are an equal opportunities employer, and we do all we can to accommodate different needs. There is a range of benefits on offer, including flexible working and shared parental leave.

At Price & Myers, you'll find a commitment to career development and training. We support our engineers to gain their chartership, and we help to develop the careers of all members of the team.

We have a comprehensive Continuing Professional Development (CPD) programme. The diversity of our project portfolio means you'll have an exciting range of challenges to tackle.
