

Civils CAD Technician - London

Come and join us at Price & Myers

Want to work with a friendly group of professionals committed to great engineering? Get your teeth into exciting projects (and some more modest ones too) across the UK? We want to hear from you!

We are on the hunt for a talented structural technician with minimum 1 year of experience to join our Civils CAD team. You must be a good communicator and have a desire to help us design great engineering. This is a full-time position based in our open plan London studio.

Price & Myers is a structural and civil engineering practice, established by Sam Price and Robert Myers in 1978. Over more than four decades we've completed a huge range of projects, from Stirling Prize winners to domestic rear extensions. We are designers who help architects and clients bring their vision to life with elegant and efficient engineering. There are about 170 of us across our four studios in London, Oxford, Nottingham, and Manchester.

Studio Life

The engineers and support team at Price & Myers come from all over the world and all walks of life. We embrace diversity. We genuinely believe it helps make the practice stronger, and we strive to represent the communities we live and work in. We love the different thinking and diversity of ideas that comes from a broad range of backgrounds. Price & Myers is an equal opportunity employer, and we do all we can to accommodate different needs. There is a range of benefits on offer, including flexible working and shared parental leave.

Our studios are open, friendly places to work. Our Partners sit with their teams and are involved in every project, giving help, guidance and support. Wellbeing at work is vitally important and we promote healthy workplaces and offer mental health support. All of our studios are located centrally in their vibrant cities and the numerous good restaurants, shops, bars, pubs and theatres are within easy reach.

Job Role & Responsibilities

Drawings are the language of design, and our drawings are our main product. They are seen by nearly everybody we deal with. For many people, our drawings are the only contact they have with us. They are our 'shop window' and our competence is judged from them. The work of the CAD team can therefore have a huge influence on our reputation, and CAD technicians have a responsibility to ensure that we issue good quality information.

Requirements:

- Ideally educated to A level standard
-

- Attention to detail
- Minimum 1 year experience in the UK
- Strong AutoCad skills
- Knowledge of Civil 3D, PDS, or Site 3D is an advantage
- Excellent communication skills

If you are interested in this opportunity, please email a CV and covering letter to Dimitris Linardatos at dlinardatos@pricemyers.com

No recruitment agents please.

Price & Myers are an equal opportunities employer.
