

Structural Engineers

Come and join us at Price & Myers

Want to work with a friendly group of professionals committed to great engineering? Get your teeth into exciting projects (and some more modest ones too) across the UK? Looking for an accommodating central London location, close to culture, food, drink and entertainment? We want to hear from you!

Price & Myers is a structural engineering practice, established by Sam Price and Robert Myers in 1978. Over more than four decades we've completed a huge range of projects, from Stirling Prize winners to domestic back extensions. We are designers who help architects and clients bring their vision to life with elegant and efficient engineering. There are about 130 of us across our four studios in London, Oxford, Nottingham, and Manchester.

We are on the hunt for enthusiastic engineers with 0-4 years' experience to join one of our London-based structural engineering teams. You must hold a good, IStructE- or ICE-accredited degree in structural or civil engineering, be a good communicator and have a desire to help us design great engineering. This is a full-time position based in our open-plan, central London studio.

Please email a CV and cover letter to Jamie Beeson at careers@pricemyers.com.

No recruitment agents please.

Studio Life

The engineers and support team at Price & Myers come from all over the world and all walks of life. We embrace diversity. We genuinely believe it helps make the practice stronger, and we strive to represent the communities we live and work in. We love the different thinking and diversity of ideas that comes from a broad range of backgrounds. Price & Myers is an equal opportunity employer and we do all we can to accommodate different needs. There is a range of benefits on offer, including flexible working and shared parental leave, and our London studio is fully accessible.

Our studios are open, friendly places to work. Our Partners sit with their teams and are involved in every project, giving help, guidance and support to their engineers. Graduates will find that responsibility for managing projects comes very quickly for those that show aptitude. Wellbeing at work is vitally important and we promote healthy workplaces and offer mental health support. All of our studios are located centrally in their vibrant cities and the numerous good restaurants, shops, bars, pubs and theatres are within easy reach.

At Price & Myers, you'll find a commitment to career development and training. We support our graduates to gain their chartership, and we help to develop the careers of all members of the team. We have a comprehensive Continuing Professional Development (CPD) programme, a buddy and mentor system to ensure you never feel like you're on your own. The diversity of our project portfolio means you'll have an exciting range of challenges to tackle.

The people who work at Price & Myers seek to improve the world we live in and aim to make a positive impact on social value. We are sponsors and supporters of 'Bridges to Prosperity', a global charity designing and building bridges and other key infrastructure in the developing world. We've

also had a great deal of fun helping design and build a float with our friends for the London Pride march. We pride ourselves on being ethical employers operating an ethical business too. Our financial reporting and accounts are available and transparent, and we pay our taxes.

Price & Myers are an equal opportunities employer.
