

Structural Technician

Drawings are the language of design, and our drawings are our main product. They are seen by nearly everybody we deal with. For many people, our drawings are the only contact they have with us. They are our 'shop window' and our competence is judged from them.

Come and join us at Price & Myers

Want to work with a friendly group of professionals committed to great engineering? Get your teeth into exciting projects (and some more modest ones too) across the UK? Looking for an accommodating central London location, close to culture, food, drink and entertainment? We want to hear from you!

We are on the hunt for a talented structural technician with 5-7 years' experience to join our London-based Structural CAD team. You must be a good communicator and have a desire to help us design great engineering. This is a full-time position based in our open plan, central London studio.

Requirements;

- Ideally educated to A level standard
- Attention to detail, relevant experience and ambition to work on a range of projects
- 5-7 years' experience in a similar role
- Strong Autocad & Revit skills
- Excellent communication skills

If you are interested in this opportunity, please email a CV and covering letter to Tom Jones at tjones@pricemyers.com

Price & Myers are an equal opportunities employer.
